

Mua Hills Getaway stands as a distinctive retreat nestled on a private farm in Mua Hills, Machakos County; with a firm commitment to preserving the local heritage. Taking inspiration from the tranquil ambiance of Nairobi's Fair Acres Boutique Hotel, the concept revolves around crafting a warm and welcoming farm-stay experience for cherished guests, that creates fond memories.

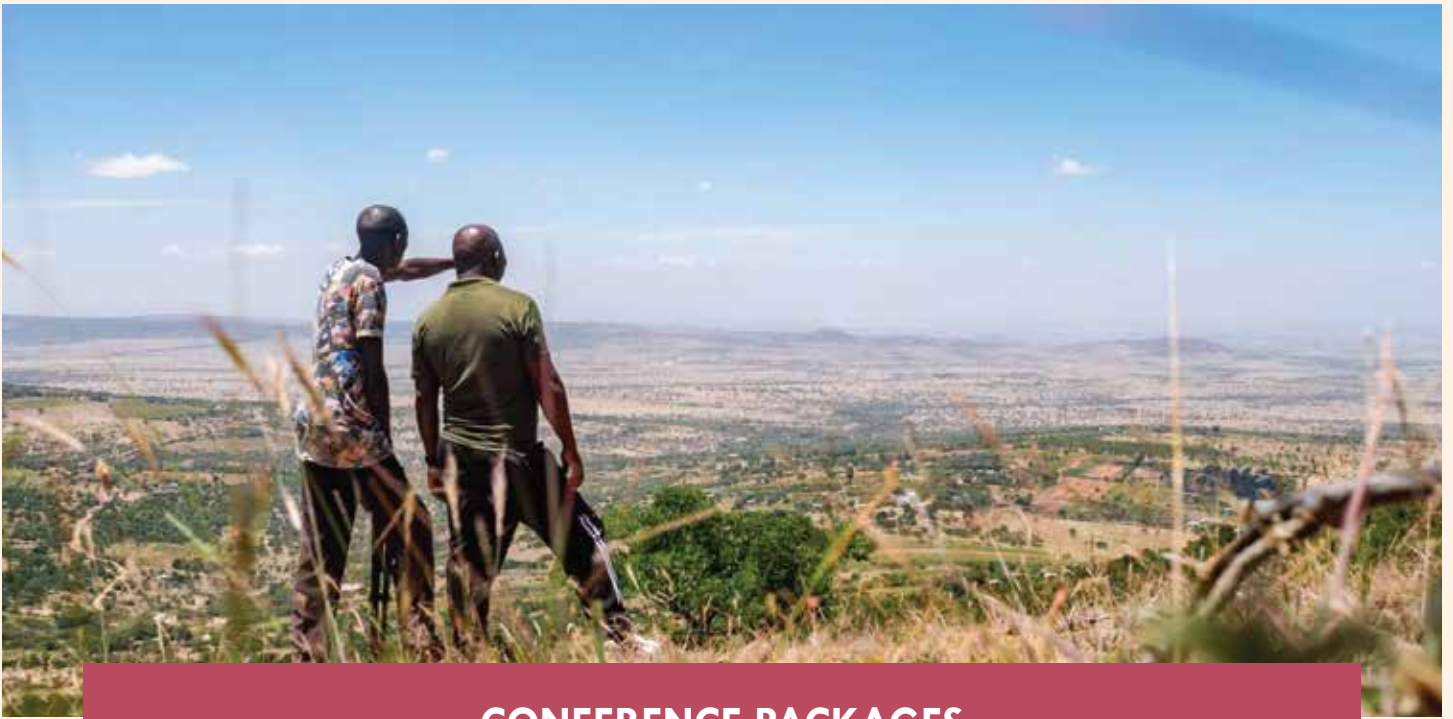

The facility comprises 13 rooms, accommodating either 13 singles or 26 doubles, a conference room for 20 individuals, an indoor and outdoor farm-to-table restaurant, a swimming pool, awe-inspiring views, and guided nature walks.

Moreover, Mua Hills Getaway provides team-building activities, hikes, and serves as an ideal venue for meetings, conferences, and social events amidst the breathtaking natural surroundings. The resort actively embraces sustainable farming practices, offering guests the opportunity to learn about compost production, animal farming, fruit cultivation, and medicinal plants through informative guided tours.
