## About Us

---

### Blending Elegance of Gracious Living with the Spirit of Modern Africa

Fair Acres Boutique Hotel is the best boutique hotel in Nairobi that blends the elegance of gracious living with the spirit of modern Africa. Nearly a decade ago we opened our home to our first guests, hoping to provide them with an experience that felt most like home. Today, our promise is to give you an intimate luxury experience in your home away from home. We opened our doors in 2015, with the dream of creating a luxury experience within the comforts of a home. By 2019, demand had risen so high that we needed to build our 20 room annex, which allowed us to expand into our luxury annex, which houses our **iconic Honeymoon Suites** as well as our private Suites.

Each of our individualized rooms has its own **unique character**: whether it's our standalone, self-contained cabin or one of our luxurious self-contained Suites, some of which come with a complete kitchen and living room, in addition to our crafted beds and en-suite bathrooms.

We work hard to ensure you feel at home.
